ANNOUNCEMENTS

Attention students, if you need volunteer hours, the Baldwin Park Woman's Club needs volunteers for Saturday. See Mrs. Sandra Anaya in the Career Center.

Seniors, the sign-up sheet for the voice recordings is located in your English class. This is the recording that will be played while your family and friends are waiting in the stadium. Remember to fill out the form and read the instructions. You do not pay to have your recording made, you do not need a certain GPA or be in a certain class. There isn't a maximum number of seniors allowed, all seniors can do this but you do have to sign up for it. We are only offering this service on 2 days (May 21st and 23rd) so sign up in your English classes. You can talk to Ms. Daniels if you have any further questions. Thank you!

Are you a female student in the junior year?

LAunchPad is geared toward high-achieving female high school juniors interested in engineering and computing, who will be seniors in 2019-20 and plan to apply for college in the Fall of 2019. LAunchPad is a free program hosted by the Cal State LA College of Engineering, Computer Science, and Technology. LAunchPad will admit 30 current female eleventh grade students to participate in a two-week, intensive engineering and computing academy. The deadline to submit application is May 16. You will need a letter of recommendation and a transcript. Please see Mrs. Sandra Anaya in the Career Center for questions.

Faculty Section

Group **C** has duty this week.
