# Welcome Back!!

## Announcements

### Locker Information:

All students that submitted a locker form during registration and did not have charges or missing signatures were assigned a locker. The locker information is on your schedule. If you turned in a form and didn't get a locker then that means that you have charges that must be cleared or you might be missing a signature. As your charges are cleared, you will be assigned a locker at that moment. Please see Ms. Acosta in the textbook room starting next Wednesday to inquire about lockers. There are still some lockers available and they will be given out first come first serve to those that clear their charges. Also, if you are an 11th or 12th grade student that has a locker and has not turned in the new green locker form, you must do so ASAP. You can request one from Textbooks starting next week. If we do not have an updated locker form signed, your locker will be taken away. Do not leave your chromebooks in your lockers overnight. You are responsible for anything placed in your locker. Thank You!

Students take a few minutes to review your schedule. You will notice that both Semester 1 & 2 are listed. Please make sure that your Semester 1 classes & teachers match your Semester 2 classes & teachers. For the most part, all classes such as English, Math, Science, PE and History should match. If you notice your teachers do not match, please submit a google form to your counselor, so this can be fixed. If there is a blank / missing period on your schedule, report to the Counseling Office during that period.

No deliveries and / or drop offs of any sort are allowed. The Front Office will not accept any deliveries or drop offs. This includes materials, phones, laptops, food, etc. No deliveries or drop offs are allowed. Please make sure that you bring everything with you that you will need for school. Thank You!
