Announcements

As part of honoring Latino cultures and contributions, Dual Language Club is highlighting Latinos. Did you know that a Latino invented the colored television? Guillermo Gonzalez Camarena was a Mexican electrical engineer who invented the color television. He did it to improve education in Mexico.

Hey DONS: Do you find yourself stressed out and anxious all of the time? Do you want to learn some strategies to help manage stress, enhance your mental health and learn some yoga along the way? Then come join Mr. Garcia's Advisory Period. We will learn all about mindfulness, stress management and yoga. Yoga is also great for enhancing strength, mobility and flexibility for athletes and is practiced by NBA players like LeBron James, WNBA player Alana Beard, NFL player Tom Brady, MLB player Evan Longoria and Soccer player Hope Solo. Anyone interested in joining MUST come speak to Mr. Garcia in Room 513 during Brunch by Friday, September 27th. Space is extremely limited and juniors and seniors will have priority. I hope to see you on the mat soon!
