Announcements

Dual Language Club continues honoring Latinos this month with today's fact: Latinos have made a significant contribution to various fields including politics, sports, arts and science in the United States. Examples include Sonia Sotomayor being the first Latina federal judge in New York State, then on the United States Supreme Court. Caesar Chavez and Dolores Huerta whom led the nonviolent movement in the mid-1960s and 70s that paved the way for better wages and working conditions for farmworkers and many other American workers.

A Message from NAMI: At Sierra Vista, we are committed to supporting the well-being of every student. Now that this Suicide Prevention Month is ending, let's come together with your peers to remind each other that no one has to face their struggles alone. If you're feeling overwhelmed, it's okay to ask for help. We have resources and a caring support team ready to listen. Together, we can foster hope, show compassion, and build a stronger support system for one another. Reach out to a friend, counselor or a trusted adult because your life matters and there is always help available. The prevention hotline in 988.
